**Suggestions / Comments**

- Well done.
- Generally well done, I have many more questions! Hopefully these issues will be dealt with during the detail design discussion.
- I and many other participants count on these sessions to get educated on the complete workings.
- For me as a novice, it was too fast paced.
- Thank you.
- Well done.
- Pace was very fast. It would be helpful to know how success will be measured.
- Pace was a bit too fast.
- More examples would be good.
- Well done.
