Announcement of IESO Stakeholder Advisory Committee Members

September 30, 2005

I am delighted to announce that on September 23, the IESO Board of Directors appointed the first members to the newly formed Stakeholder Advisory Committee.

The Advisory Committee members are:

- * Mr. Bruce Boland - Senior Vice-President - Corporate Affairs, Ontario Power Generation, representing generators
- * Mr. Daniel Whyte - Vice-President - Regulatory Affairs, Brascan, representing generators
- * Mr. Brian Bentz - President and CEO, Powerstream, representing distributors
- * Mr. Don Thorne - President and CEO, Milton Hydro, representing distributors
- * Mr. Paul McMillan - Senior Vice President Ontario, EPCOR Utilities Inc., representing marketer/brokers
- * Mr. Matthew Picardi - General Manager of Regulatory Affairs, Coral Energy, representing marketer/brokers
- * Mr. Steve Dorey - Vice President - External Relations, Hydro One, representing transmitters
- * Mr. John LeMay - Energy Manager, Inco, representing wholesale consumer market participants
- * Mr. Mike Humphries - General Manager of Zochem, Division of Hudson's Bay Mining and Smelting, representing embedded industrial consumers
- * Mr. Chuck Stradling - BOMA Toronto - Executive Vice-President, representing commercial consumers
- * Ms. Julie Girvan - Energy Advisor, Consumers Council of Canada, representing residential consumers
- * Mr. Bruce Lourie - President, Ivey Foundation, representing the environmental community
- * Mr. Bruce Campbell - Vice-President - Corporate Relations and Market Development, representing the Independent Electricity System Operator

The Stakeholder Advisory Committee is designed to afford senior stakeholder representatives the opportunity to provide policy-level advice and recommendations directly to the IESO Board of Directors and Executive on IESO market development decisions, IESO planning decisions, or any other matter that may be of concern to stakeholders.

Dave Goulding
President and CEO
